If the same player/s comes back on and keeps infringing again in a manner that doesn't fit the game they will be red carded and the team plays with reduced numbers until the finish of the game.

9.0 RULES:

- 8.2. The major consideration for umpires is attention to SAFETY. Summer hockey is a social sports competition and there will always be a diverse mix of age, gender, ability and experience. Umpiring decisions should always reflect this.
- 8.2.1. The obstruction rule should be enforced as per the Rules of Hockey. Consideration must be given to those unfamiliar with the rules.
 - 8.2.2. The ruling regarding the use of feet should be interpreted as written in the Rules of Hockey. The use of **ADVANTAGE** should be applied whenever possible.
 - 8.2.3. There shall be no deliberate lifting of the hockey ball. Raised shots at goal must be below backboard height unless the opposition is fielding a fully equipped goalie in which case the shot may be raised higher than backboard height. However, safety is paramount; no shot above backboard height will be permitted if it is deemed to be dangerous to **ANY** field player. Danger is ruled at umpire's discretion.
 - 8.2.4. The ball **MUST** be pushed/Swept along the ground by all players.
 - 8.2.5. The ball may be rebounded off the field divider.
 - 8.2.6. Goals can only be scored as determined in the Rules of Hockey. The ball must be touched by an attacker inside the circle.
 - 8.2.7. Penalty corners will be played regardless of inclusion of goalkeeper. The danger rule will apply to shot at goal.
 - 8.2.8. There will be **NO** penalty strokes.
 - 8.2.9. All infringements normally penalised by the awarding of a penalty stroke **may** also include temporary suspension of offender.
 - 8.2.10. Whenever the ball is played over the back line either by a member of the attacking team or **unintentionally** by a member of the defending team then the game shall restart with a pass from within the circle by the defending team.
 - 8.2.11. If the ball is played over the back line **intentionally** by the defending team then a penalty corner will be awarded.
 - 8.2.12. The ball can only be played with the flat side of the hockey stick as determined in the Rules of Hockey.
 - 8.2.13. The game will begin with a pass from the centre of the field.
 - 8.2.14. The start of the game and the finish of the game will be controlled by the Umpire. The game will be stopped for injury but the time **WILL NOT** be stopped.
 - 8.2.15. Dangerous or overly physical play will not be allowed.
 - 8.2.16. This is a social sport and should be played as such. There will hopefully be no requirement to remove players from the field but that course of action will always remain the option available to an umpire. Abuse of officials **WILL NOT** be tolerated.
 - 8.2.17. There will be one umpire appointed to each game.
 - 8.2.18. Safety equipment such as mouth guards and shin pads are mandatory. Equipment will be available to purchase at the Pro Shop located at the McMillan Hockey Centre.
 - 8.2.19. Teams shall be made up of six players per side. Rolling substitutions are permitted.

 - 8.2.21. Teams will be required to wear the **same colour** uniforms and must wear suitable clothing and footwear to play sport.
 - 8.2.22. The game is won by the team who has scored the most goals at the conclusion of the game. In the event that both teams have scored the same number of goals the result of the game shall be a 'draw'.
 - 8.2.23. During semi-finals and finals, in the event of the scores being tied after regular time, golden goal extra time shall be played to determine the winner.
